FEEDBACK REPORT

The feedbacks on the curriculum were collected from Alumni, Employer, Faculty and Students through KredoVoiceOut (<http://donbosco.kredovoiceout.in/>).

Alumni feedback on curriculum: The alumni said that the sequence of courses, relevance of the syllabus, the electives and the experiments during the course are all up to scratch. They have rated excellent, the relevance of courses that they had learnt in connection to their current job.

Employer feedback on curriculum: The employers certified that the syllabus design is in such a way that it helps students to think innovatively and grasps the real world problems quickly. They are impressed constantly with the innovative thinking and capability to solve real-world complex problems of the students.

Faculty feedback on curriculum: The faculty seemed to be complacent about the sequence of the courses, the syllabus and the structure of each course. The lab experiments, the designing of contact hours, domain used for the experiments and its application are just adequate according to the survey.

Student feedback on curriculum: Most of the students rated, the sequence of the courses that they are studying are in sequence to what they have studied in the previous semester, to be good. They also rated well, the competency, the sequence of the units in a subject, course components, and electives. Students are also satisfied with the lab experiments and its relevance to real world applications.

In essence, the curriculum seems to be satisfactory for faculty, students, alumni and employers as far as degree courses are concerned.

The questionnaire and the consolidated report (chart/graph) is attached below for further reference.
